# *Our* **STORY**

## MISSION

To be the most trusted brand in marine services, built on our unique seafaring expertise and unwavering commitment to client success.

**At Zenith Marine Services & Transport W.L.L, we make marine operations smoother, safer and more efficient—so you can focus on what matters most.**

**Based in Qatar with a footprint across the GCC and South Asia, our team of experienced ex-seafarers brings real-world insight to everything we do.**

**Whether you're looking for comprehensive vessel surveys, inspections and audits, technical or marine consultancy, or assistance with vessel sale/purchase, chartering and brokering — we're by your side at every step.**

**We believe in clear communication, practical solutions, and transparent service, working closely with you to navigate the complexities of the maritime world. Let us handle the details — while you steer ahead with confidence.**

# MEET OUR FOUNDER

## From Master Mariner to An Industry Maven

---

For nearly three decades, **Captain Ajit Kumar Ojha** has been a driving force in global maritime and logistics. His distinguished journey from commanding vessels on the world's oceans to founding successful ashore enterprises is built on deep operational expertise, strategic vision, and an unwavering commitment to safety.

Captain Ojha's authority was forged at sea as a Master Mariner with renowned organisations like The Shipping Corporation of India and D'Amico Tankers, where he commanded a diverse fleet from Oil Tankers to Bulk Carriers. This foundational experience provides an unparalleled command of vessel operations, safety compliance, and commercial shipping dynamics.

He has since mastered the entire maritime value chain, expertly directing complex offshore projects, heavy-lift operations, and break-bulk logistics. As the founder of multiple successful companies across India and the Middle East, his leadership is defined by a clear, results-driven philosophy: to build agile, high-performance organizations that deliver uncompromising safety, exceptional stakeholder value, and innovative solutions for modern global trade.

# Our SERVICES

---

## ⚓ Vessel Surveys & Inspections

Comprehensive surveys covering condition, safety, and compliance to keep your vessels operating smoothly and efficiently.

## 🔍 Vessel Audits & Gas Free Certificates

Independent vessel audits and the issuance of gas-free-for-hot-work certificates to ensure operational safety and regulatory compliance.

## ⚓ Marine Technical Consultancy

Expert advice on ISM, ISPS, MLC, and other regulatory standards, ensuring your operations remain compliant and optimized.

## 📦 Cargo & Damage Surveys

Thorough inspection and reporting on cargo condition and damages to protect your interests and maintain transparency.

# Our SERVICES

---

## 📄 Sale & Purchase Assistance

End-to-end support in vessel evaluation, documentation, and negotiations for seamless sale and purchase transactions.

## 🛡️ Insurance Surveys

Accurate and impartial assessments for hull, machinery, and cargo insurance claims — helping clients and insurers make informed decisions.

## 🔗 Chartering & Brokering Services

Professional chartering and brokering solutions connecting clients with the right vessels and opportunities worldwide.

## 🌍 Regional & Global Support

Headquartered in Qatar, with a strong network across the GCC and South Asia, we deliver trusted marine services wherever you operate.

# Our SERVICES

⚙️ **Marine Engineering & Repair Consultancy**  
Inspection, assessment, and refurbishment of laid-up vessels, dredgers, tugs, and offshore units. Technical repair planning based on condition surveys and cost efficiency.

⚡ **Electrical Systems & Troubleshooting**  
Design, fabrication, and commissioning of power distribution panels, motor control panels, and ATS systems. Electrical fault diagnosis, upgrades, and marine/industrial wiring.

🔧 **Machinery & Engine Services**  
Inspection, maintenance, and overhaul of diesel engines, generators, and motors. Motor rewinding, insulation testing, and OEM-compliant servicing.

💧 **Hydraulic & Pneumatic Systems**  
Design, modification, troubleshooting, and performance upgrades of hydraulic and pneumatic systems tailored to operational requirements.

🔧 **Industrial & Marine Maintenance Support**  
Comprehensive maintenance solutions for vessels, dredgers, ports, industrial facilities, hotels, and high-rise buildings.

# Our SERVICES

---

## 🔧 Calibration & Instrumentation

Precision calibration of torque wrenches, pressure gauges, gas detectors, measuring instruments, and critical operational equipment to ensure accuracy, safety, and compliance.

## 👷 Specialized Manpower Solutions

Deployment of certified, skilled, and experienced manpower including rope access technicians, welders, fitters, and marine technicians—tailored to project and vessel requirements.

## ⚙️ Technical & Mechanical Maintenance

Routine and emergency mechanical, electrical, and technical maintenance services for vessels and marine equipment, minimizing downtime and operational risk.

## 🤿 Underwater & Diving Operations

Professional diving services for underwater inspection, cleaning, repair, and maintenance—delivered by trained divers using approved procedures and equipment.

# Our SERVICES

---

**🔧 Cosmetic Maintenance & Vessel Renewal**  
Refurbishment and cosmetic maintenance works for LNG carriers, tankers, bulk carriers, and general cargo vessels, enhancing operational readiness and asset longevity.

**🧼 Tank & Hold Cleaning**  
Comprehensive cleaning of cargo holds, fuel tanks, ballast tanks, and void spaces, ensuring cleanliness, safety, and regulatory compliance.

**📦 Ship Chandling & Marine Supplies**  
Reliable supply of provisions, bonded stores, spare parts, and consumables—supporting uninterrupted vessel operations.

**⚓ Sand & Hydro Ballasting Services**  
Safe, controlled, and efficient sand ballasting and hydro ballasting solutions for vessels and marine structures, executed in line with industry best practices.

**🏗️ Fabrication & Structural Works**  
Custom fabrication, modification, and installation of marine structures, steel components, platforms, piping, and brackets for ships and boats.

# Our SERVICES

## 🎨 Painting, Blasting & Coating

Surface preparation, grit blasting, painting, and application of marine-grade protective coatings to meet durability and corrosion protection standards.

## ♻️ Environmental & Waste Management

Responsible sludge removal, oily waste handling, and environmentally compliant disposal services aligned with international and local regulations.

## ☠️ Hazardous Materials Management

Controlled handling and disposal of hazardous materials, including asbestos, in compliance with applicable safety and environmental regulations.

# Our CLIENTELE

# *Our* **MILESTONES**

A Track Record of Solving Complex Challenges

- **Managed complex project logistics for major clients, supervising the load-out of offshore living quarters and serving as owner's representative for critical DP trials and LNGC drydockings.**
- **Investigated and resolved major marine incidents including collisions, oil spills, theft claims, and P&I cases like fender and lost anchor recovery.**

- **Delivered operational excellence by certifying cargo lashing, managing non-hazardous waste disposal for ports and warehouses, and acting as port captain for efficient cargo handling.**

- **Engineered specialized cargo solutions for heavy-lift modules and unique shipments, including the successful sourcing and transport of live trees.**
- **Provided critical assurance services through pre-purchase inspections for tankers and bulk carriers, and discharge monitoring for subsea pipelines.**
